

(sent on behalf of Rev. Dr. Fay Quanstrom, Vice Chair) Message

[REDACTED]
Wed 3/15/2023 2:20 PM

To Faculty, Staff, and Students:

The Board of Trustees of Northern Seminary recognizes and is deeply concerned about the pain and distress that students, staff, and faculty have experienced as specifically expressed in written communication to the Board. We are committed to intentional fostering of the seminary's culture of *tov*. We will facilitate healing by employing a professional counselor who will be available to those in need without cost.

The Board is further committed to increased regular interaction with students, and greater involvement of student representatives with the Board of Trustees. My recent days on campus and zooming with students provided helpful insights that I have passed to the Board. Additional campus visits by Board members are planned.

We continue to pray earnestly that Christ's kingdom will be advanced as Northern prepares women and men to engage the world and strengthen the church.

Rev. Dr. Fay Quanstrom, Vice Chair
Board of Trustees
